DETACHABLE CIRCULAR PLATFORM MODEL KOMPLET

DETACHABLE CIRCULAR PLATFORM MODEL KOMPLET

Detachable circular platform model Komplet for works inside chimneys.

Detachable YES

Number of lifts: 3 x 500 kg electric

Regulations: 2006/42/CE, EN 1808

Maximum height: unlimited

Certified for people YES

Dimensions: diameter 2,1 to diameter 7 meters.

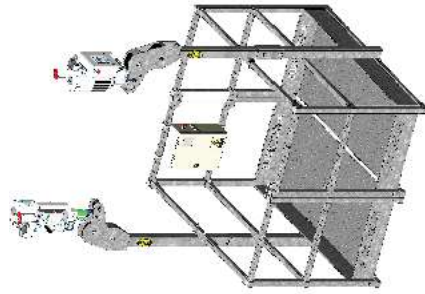

Made of aluminium

Passage through manhole 700 mm

Rectangular platform model Basic Cube removable for working inside chimneys

Detachable YES

Number of lifts: 2 x 500 kg electric

Passage through manhole  
670 - 750 mm

Certified for people YES

Dimensions: 1,4 x 0,8 meters  
to 1,4 x 1,6 meters

Made of steel

Regulations: 2006/42/CE, EN 1808

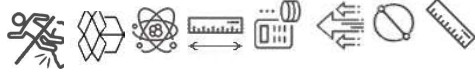

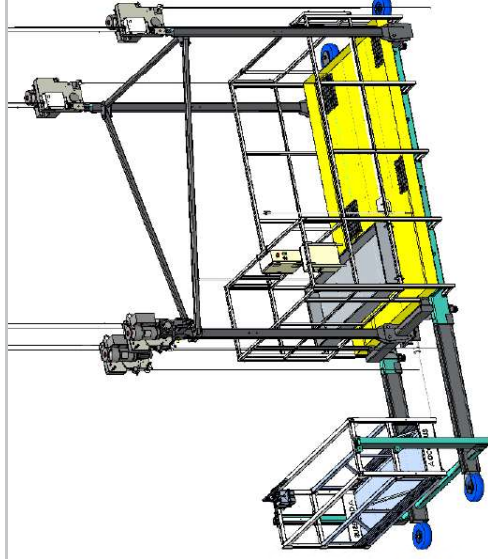

REMOVABLE PLATFORM MODEL ROBOT

Removable platform model robot for automatic demolition inside the chimney  
 Compatible with Husqvarna DXR1 40 and Brokk 110 robots

REMOVABLE PLATFORM MODEL ROBOT

Certified for people YES

Detachable YES

Made of steel

Maximum height : unlimited

Regulations: 2006/42/CE, EN 1808

Number of lifts : 4 x 1000 kg electric

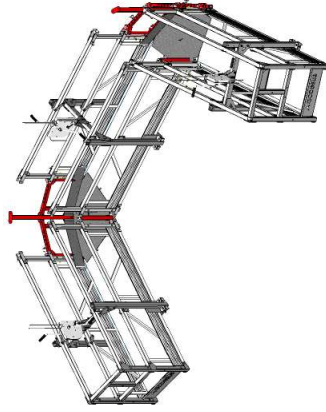

Passage through manhole  
1,5m

Dimensions : Ø 5,5 to 9

Manual angle platform for external chimney demolition

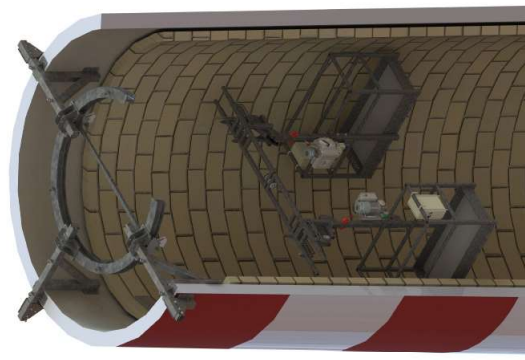

-  Made of aluminium
-  Passage through manhole 700mm
-  Detachable YES
-  Maximum height : unlimited
-  Certified for people YES
-  Chimney dimensions, any dimension
-  Regulations: 2006/42/CE, EN 1808
-  Number of lifts: 3 x 400 kg manual

**id. lineeVita**  
sistemi di prevenzione anticaduta

Basic double platform cabin turntable for interior work on conical chimneys

-  Made of steel
-  Number of lifts : 2 x 500 kg (electric)
-  Detachable YES
-  Maximum height : unlimited
-  Certified for people YES
-  Chimney dimensions: 4 to 7 meters
-  Regulations: 2006/42/CE, EN 1808
-  Passage through manhole  
700mm

Several years of experience in the sector has allowed Accessus to develop a very complete range of PPEs that perfectly adjusts to the needs of the wind energy sector. Take a look at the most demanded ones:

### 1 Harnesses

**A71 E**  
Rotating positioning belt and automatic closures harness.

**A73**  
High-class harness for suspended works.

140kg

### 2

#### Lanyards and anchor points

**PAT 900**  
20 mm wide polyester strap anchor point.  
22 kN and 6 available lengths:  
0.3, 0.6, 0.8, 1.2, 1.5 and 2 m.

**PAC 410**  
Steel sling with 8 mm grommets to connect with a carabiner.  
15 kN and 3 available lengths:  
0.5, 1 and 2 m.

**612404-020**  
2 m elastic double fall arrest lanyard.

### 3

#### Fall arrest accessories

**CT 205**  
Anti-trauma tape to prevent accidents and relieve groin pressure in falls from height.

**PH2**

#### Tool holders

Velcro (PH1) or elastic (PH2) wrist tool holder, retractable (PH3) tool holder and sling-type (PH040-BT001) tool holder.  
Maximum load capacity: from 0.5 to 2 Kg.

**PH3**

### 4

#### Tool & PPEs Bags

**BLS 11K**  
PPEs PVC bag with double adjustable strap closure.  
60x30x30 cm.  
33 l capacity.

Canvas tool bag with outer and inner pockets.  
40x30x30 cm.  
25 l capacity.

In addition to manufacturing suspended platforms and offering the safest and most specialized PPEs for working at height, Accessus is also

characterized by offering a set of value-added services to our customers:

**Custom designs:**

We offer technical field studies reports with case studies offers, we provide the customer with all the detailed technical sheets, user's manuals and certifications of our products and try to accomplish all our client's needs.

**Renting:**

The rental of suspended platforms equipment means an important part of Accessus activity.

**Accessus Global Training:**

Accessus offers all kind of training courses to serve our clients wherever is needed: commercial trainings to distributors, user training for the correct use of our platforms and training programs for equipment maintainers.

**Maintenance & After Sales:**

In Accessus you'll find a strong After Sales team made of qualified technicians and you'll also be able to get a maintenance and warranty certificate for each platform you get.

**Assembly & Set Up:**

We have our own trained and experienced staff for assembling and setting up our Modulare suspended platforms in our facilities or outdoors.

**R&D:**

Accessus Technical Department is continuously developing new prototypes in order to improve our own products for our customers.
